### WHERE CAN I FIND REVISION?

- Revision folder given by teacher
- GCSE pod
- BBC Bitesize
- Quizlet (follow QR codes in Knowledge Organiser)

### TRIED AND TESTED REVISION METHODS

- **Practice exam questions** - prioritise the types of questions you find most difficult e.g. 90 word writing tasks, understanding the bullet points, P, N, F reading questions
- **Learn vocabulary using flashcards/quizlet** - focus on the vocab you struggle remembering! There's no point in revising vocab you already know!
- **Create mind maps for different topics** - write down everything you can remember from each topic without any help. Then get another colour pen and use your knowledge organiser to add to it. Everything you've added should be a priority for learning.
- **Get someone to test you** - this works particularly well for revising for the speaking exam. Ask someone at home to ask you questions so you can practice your answers!
- **TAKE A BREAK** - don't try to fit everything into one day or revision session. Aim to take at least 10 minutes break for every hour of revision that you do.
